

# Accurate people counting for public reception areas

Designed and developed by :

## Decision-making assistance

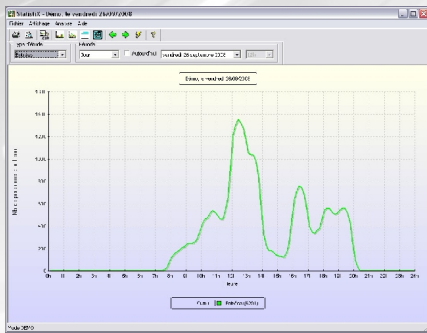

- Impact of advertising campaigns
- Staff rostering
- Attendance analysis
- Precise budgeting

### OVERVIEW

You need to **survey and analyse** the visitor traffic in your premises. So you need a method of **measuring and controlling** that traffic to make the right decisions on investment and staffing levels.

### COMPTIPIX, the sensor

An accurate and reliable system  
A sensor that fits all premises  
(attached to or embedded in the ceiling)

### Surveys and analyses

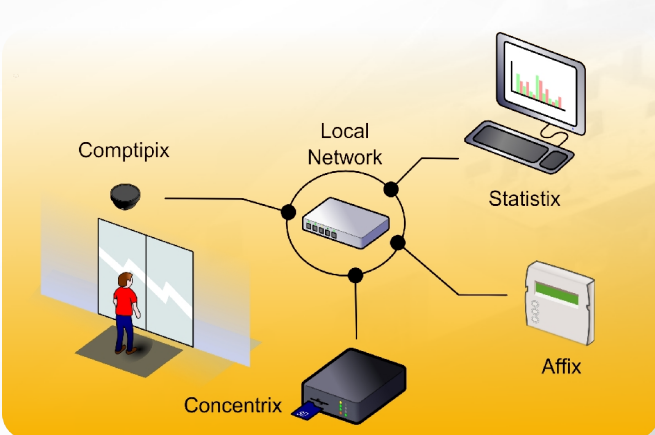

- **Visible**  
Inexpensive  
Small  
No dedicated PC
- **Software**  
Statistics  
Easy to use  
Automatic system

### SOLUTIONS

- Permanent or temporary
- Indoor or outdoor

### EXAMPLE OF IMPLEMENTATION\*

\*Contact our team to design the optimal solution for your requirements
